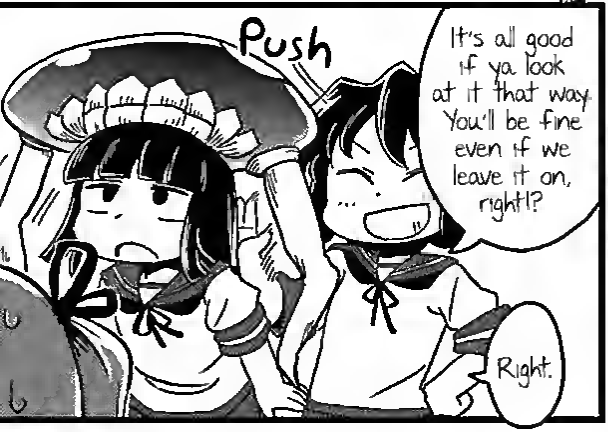
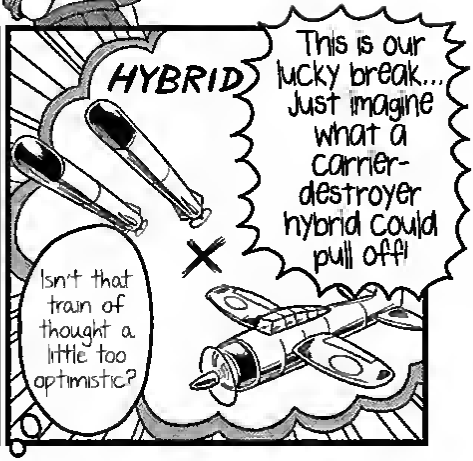
Slip
We tried to knock it and pull on it, but it wouldn't come off. And anyway...
My Miyuki Special made that Wo-class jump in surprise, and by chance her rigging flew off and slipped right onta Hatsuyuki's head!
Hurry up and get it off her!





HYBRID
This is our lucky break... Just imagine what a carrier-destroyer hybrid could pull off!
Isn't that train of thought a little too optimistic?

It's no exaggeration to say that she's our naval district's ace now!

Thanks for your time!! Could you please tell us a bit about how you feel?!
You've improved quite a bit, haven't you? I'll let you have the special honor of being my escort ship
.....
We can't leave that thing on her head forever, can we?
.....
She sure got real popular all of a sudden...

I got a whole bunch of discount karaoke tickets from Ashigara-san.
Wanna go with me when we get the chance?
Huhh!?
Ah, Miyuki, hold up...
No way Hatsuyuki, who stubbornly turns down any invites to karaoke and, even if you force her to go, won't sing a single song or stop playing her handheld games in the corner... that same Hatsuyuki is inviting ME...
I can't believe it.
She's changed...
I hope this lasts forever.
With this thing stuck on my head, I always feel like I'm brimming with power...
Having everyone's eyes on me these days feels great...

!!
I'M FINE... THIS IS THE BEST TIME OF MY LIFE...
WO
Hatsuyuki... that thing on your head's no good after all, isn't it?
You've drunk nothing but sea water this past week...
ONE MONTH LATER
I'M FEELING JUST GREAAAATT THOUGH.
WO
WO
I heard about what's going on!
Yeah! No matter how strong you are, if your body falls apart...
Hey...it'd definitely be better if we got that thing off you somehow..
Akashi-san!
Where'd you come from?!
Based on what I've seen...
Some kind of signal emanating from that rigging on her head is influencing Hatsuyuki-chan's body..
It's likely thather assimilation will continue, and there's a risk of both her mind and body becoming that of an abyssal's...
S-seriously?!
※ Hypothetical

SCRAPPING
Is there a way to get that thing off her head...?
Right, well... the one way that might work...
would probably be scrapping.
You...damn... you're a repair ship, shouldn't you have a better solution than that?
Miyuki!
NO...
DISMANTLING... I DENITELY CAN'T... WO... WO...
NOT BEING ABLE TO FIGHT ALONGSIDE EVERYONE... I CAN'T...
Hatsu-yuki...
..uhm... Hatsuyuki -chan, there's someone here for you...
A fair-skinned and really beautiful lady... do you know her?
Even if I become weak! Even if I lose my bright personality! Even if nobody spoils me anymore, it's okay!!
Just... turn me back to normal...!!

Whisper whisper
I know you said she's here for Hatsuyuki... but who is she?
She kind of smells like the beach, doesn't she?
She's so tall...
.....
wo...
Ahh!!
She... she's...
She's that Wo-class carrier!!
That's dang-
I'll send you flying again with a Miyuki Special-

As a repair ship, I might've said something like that, yes.
...you were saying something about assimilation...?

This manjuu's awful salty, isn't it?
